

How to Get Here

Kinglake Forest Adventures Camp is on the West side of the road that runs between Whittlesea and Yea.

From the South (Melbourne) you should make your way to Whittlesea and continue north through the town, staying on the main road. As you travel toward Yea you will climb up the Great Dividing Range, at the top of the range you will find the Kinglake WEST rest area and toilets. Continue past this for approximately 2 km and you will see the KFA sign on your left. (You DO NOT need to travel to the main Kinglake township).

If you are traveling from the North on the Yea-Whittlesea Rd, you will find the KFA sign on your right about 10 km after climbing up the range from Flowerdale and 2 km BEFORE the top of the range and the intersection and rest area mentioned above.

Note that you SHOULD NOT TURN RIGHT into the camp from the Northern direction. You should continue past the entrance for 2km and U-Turn at the Kinglake West rest area and approach from the South.

If you are traveling from the East, you WILL come through the main Kinglake township. You should continue travelling to the West, passing through Kinglake Central, Pheasant Creek and Kinglake West until you come to a T intersection. You should turn right (the Kinglake West rest area and toilets are here). Continue North now for approximately 2 km and you will see the KFA sign on your left.

Routes to the camp from the West will go via Whittlesea or the Yea-Whittlesea Rd routes.

PLEASE NOTE:

Our driveway is suitable for all vehicles but it is narrow and there are blind corners – please drive carefully!
